HAPPY TEACHER'S DAY

Teachers' Day of India: 5th September

A good teacher has a far greater influence in shaping the life of an individual than his/her parents. In our country's culture, a teacher has been given a place above the almighty god. A good teacher's proper guidance and support is very important in achieving one's goal in life. Every successful individual always remembers the constructive role played by his/her teacher in their school-college days.

A teacher's job is sometimes a thankless job; a teacher works in most honest way while performing his/ her duties towards shaping the careers of students, also apart from academics, other personal or extra-curricular activities of students are taken care of by him. A student can rely on his/her teacher for guidance on each and every aspect of his/her life; and a good teacher never disappoints his pupils.

Teachers' Day is celebrated every year on 5th of September to honor and acknowledge the contribution made by countless numbers of teachers in helping and molding the careers of lakhs of students and in turn shaping the destiny of India.

Origin of Teacher's Day Celebration

The day was marked for the celebration as Teachers' Day since 1962 in respect and deference of Dr. Sarvepalli Radhakrishnan who was born on 5th September, 1888. Dr. Sarvepalli Radhakrishnan was a great scholar, philosopher and teacher of modern India and was awarded the Bharat Ratna in 1954.

He became the first Vice President of India (from 1952 to 1962) and the second President of India (from 1962 to 1967). It was his wish that instead of celebrating his birthday on 5th of September every year, it would be better to celebrate it as Teachers' Day all over India. Therefore, it was only natural way that his birthday would be celebrated as teachers day to pay respect towards lakhs of unknown teachers across the country.

India's teacher's day is different from the World Teacher Day which is celebrated on 5th of October every year in whole world.

Mode of Celebration:

On this day students arrange and perform various types of cultural programs and activities as a token of love and respect towards their teachers. Outstanding teachers are also given prizes for their contribution in the development of schools and bringing good results from students.

Students also give personal gifts to their favorite teachers to express their affection and gratitude. A life-long bond is developed among teachers and students. Teachers also feel special as their hard work and honesty is recognized on this day.

Role of teachers in the making of a nation is most important and significant; therefore it is necessary that we pay our utmost respect and gratitude to them and celebrate 5th of September as a day of special teacher-student bonding.
